

1999TFC Server Owner

April 8th 2024

Dimmi64 Ok, so Bacon showed up again to do his thing (place mines where players respawn). We were playing 2fort. In the end, players were furious, and even Scorpion started swearing very bad language in Portuguese against me on mic (he's Brazilian, for those who aren't aware), which fun kinda funny because I was the only engineer, and he was saying things like "Engenheiro burro do caralho", which is highly offensive, but I couldn't respawn because Bacon was there throwing mines, and enemy medic were also infecting the opposite team. 😞

Honestly, it's a bummer of course, but this isn't a reason to ban a player IMO. He's not using any kind of cheating, and I'd even say it's a gameplay style. I think that the problem is specifically with 2fort: the map has this little design problem where you have a little door for all players to leave the main spawn area, and the other door for players to go back to refill ammo/health.

👋 Wave to say hi!

Dimmi64 I see...

It's funny that @1999TFC told me he apologized and has full acknowledge how he's annoying with that. But there he is doing the thing he likes the most, so I don't think he feel guilty for that.

Paft Crazy how this is still a topic. There still hasn't been an actual answer as to whether repetitive spawn spamming is allowed or not, despite it being questioned several times. He was apparently temp banned, as well as occasionally "told to stop it"..but here we are 5 months or so later. Can you just say whether it is accepted or not so it can be put to rest? 🤔 (edited)

👍 1

Osiris Yeah, I agree with a ban of a few months he's been given a shitload of chances to stop by me, Britt, and gzz

Dimmi64 Hey @Osiris Osiris, why don't you check this. Is it ok to say BS about the owner of the server, but it's completely ban worthy banning a player for his/her play style? I hope you now understand how this fella is unberable. Guy is creating multiple accounts in an attempt to disrupt the server.

Dimmi64 Someone told me he's (Produkt) banned from Drippys, too. Don't know if it's a rumor, but seems to be real.

Dimmi64 I never said ANYTHING about jews as far as I can recall. My WIFE is half-jew, and the same for her family.

I recall saying that Israel Government is making a genocide, and that Hamas is terrorist in the same sentence. I'm concerned about Palestinian children and women AND Israeli civilians.

On the other hand, you don't admit that you said Brazilians are a disease, and that BS about favelas.

Osiris Hey @1999TFC, just an idea, why don't you use your own discord account so we know who's who? People seem to be getting confused

1999TFC we'll work it out

👤 @Osiris Have you not been online before dude? Can't believe you're still on about that, ok, we get it, people talk shit all the time, I

Dimmi64 I love how you see things. Produkt is banned from both Drippys and now from 1999TFC for similar reasons, guy made two different accounts (one to say shit about the server on Discord, and this second one to argue with the administrators and say shit on the 9/11), but you say that homophobia/transphobia and racism are the only reasons that would be ban-worthy, but not talking excessive shit on Americans or Brazilians. I'll guess I'll never understand. 🤔

Dimmi64 But anyways, let's forget all of this. Just agree with @.GIRZ0R about not seeing a necessity banning Bacon permanently.

Dimmi64 However, I'm not against kicking bacon for 10 minutes. I think it's a good solution that is good for both sides.

.GIRZ0R Bacon is the least of worries, Produkt is just an ass.

👤 @.GIRZ0R Bacon is the least of worries, Produkt is just an ass.

Dimmi64 Can't agree more. @.GIRZ0R, Don't forget to mention that he (Bacon) can't do his thing when playing different maps such as Avanti, Dustbowl, Palermo etc thanks to the different spawn points. That's why he always vote for 2fort.

See you in the servers.

My programming & future map making has been eliminated due to 1999 mismanagement.

(The following descriptions are observation/speculation. Make of it what you will. Snapshots are what I happened to be around for. I don't heavily follow the Discord.)

This is just a preview. After this, they are more cautious and tend to "clean up" anything that shows them outside their anonymous, good-natured persona, especially since this Imgur. Which I am sure they've seen. Even if this "brother" is real, they still have an equal presence and involvement.

There are a disproportionate amount of trolls and cheaters in this place, and even if they get banned, it isn't usually permanent. Many trolls rightfully banned elsewhere are free to roam, and the same with cheaters. Those who are not extremely blatant (speed hacks etc.) that is.

The owner doesn't really play the game (99.9% of the in-game activity is AFK) and seems to care more about being the "#1" server (and probably donations that come with it) than anything else. Additionally, they have multiple burner accounts in spec, which all gives the impression that their motives may be profit-driven or driven by spite of some kind. What else would they get out of it?

- OsiriS Meh, it is what it is, heh
- OsiriS Trying to be transparent
- OsiriS But that's my last word on it 😊

Dimmi64 The other day you was sending peace-related stuff after the other user was a troll here. I think it was the right move. Then Bacon started doing that kinda of thing he always does, and you started to complain about him here. But honestly, I think he's much more fine than a guy like, let's say, Produkt, because he isn't targeting a specific nationality, people, or something like that.

If someone starts saying highly offensive stuff about Brazilians, Americans, or any sort of thing that causes suffering to a specific group (like attacking people from Texas, or attacking people's accent), I think that's ban worthy (not permaban). If that happens again, then it's perma banworthy, for sure). That's my take on this matter.

It's funny that I'm the guy that is always playing just fine, and every time an asshole say something like the N-word, I always say politely "Please, no N-word".

Now the thing is: guy is targeting specifically me. Everytime I vote for a map, he starts to throw some offenses. This is happening often, and most of the time I try to ignore. But enough is enough.

- OsiriS The reason I talked shit about Bacon here, is because it's literally non-stop, even after multiple warnings/kicks/bans, a bit of a different story.
- OsiriS He said one offensive thing about Brazillians, or show you've shown me
- OsiriS I mean, that's the nature of a pub server, people would talk shit about my choices and my gameplay to, I don't go asking other people to ban them.
- OsiriS And the main difference is you can choose to extricate yourself and make it a non-situation by muting him, but you choose to engage. Whereas with bacon we can't just mute his playing style and go on with our day.

Nuggs Bro just press tab, click this guys name and boom you won't see any of his chat or hear his voice chat anymore. Problem solved

NEW

I happened to see this before it was deleted 3 minutes later (I do not know if anything else was said.) This was noted on the 3rd: "like us and drippy or evil don't beef"

They are currently receiving about \$100 a month, but they "need more" for a stats page on gameme.com? It seems like someone wants to pocket some extra cash. Servers do not cost that much. Maintenance and general administration should only cost 5 minutes of your time here and there, especially for a game of this age and since the server is largely disorderly random chaos anyway.

After the Imgur post, they have been trying to save face by showing more activity, which isn't necessarily a bad thing, I suppose.

However, they seem a bit disingenuous with their phrasing. They make it sound like they've written new stuff, probably to impress current and potential new Patreons who may not know any better. Essentially, they've taken an existing mod(s) and enabled it with the bare minimum effort.

  **1999TFC** I was able to compile and add BugFixes 1.4 to server May 19th 2024

1999TFC tobacco vape

1999TFC I've been using patches

OsiriS Gotta take care of the bros, frag, body, n soul :p

Back Alley Butt Love Either way, good for you. I used to vape weed thinking it was "safer." I used to cough so much after vaping, better off just smoking a joint.

Back Alley Butt Love I smoke cigars every once in a while.

1999TFC Fun Fact - Juul was the #1 device for quitting smoking until some senator's kid got addicted to it then they sued Juul

1999TFC I hate these Senator fucks

Back Alley Butt Love Love a dopamine dump from some nicotine.

1999TFC I absolutely hate America's system, they are all sell outs

OsiriS I've never been a nicotine guy, I smoked quite a few ciggs and vapes in my life when I was drinking/doing stims, but never stuck, doesn't really do anything for me if I'm sober

Back Alley Butt Love Stims?

1999TFC I hung out with @OsiriS social smokers

OsiriS stimulants

1999TFC Coke?

Back Alley Butt Love I hear that and think stimpack from Starcraft... ooooh!

OsiriS waaaaay back in the day, did a lot of coke

OsiriS smoked a lot

1999TFC Coke should be legalized\

OsiriS hhaha

OsiriS and then adderall

OsiriS smoked a lot of ciggies on that

Back Alley Butt Love Oh man, adderall and cigarettes.

1999TFC I did coke and adderall in College

OsiriS but yeah, never wanted to smoke ciggies any other time

Back Alley Butt Love Never did coke.

1999TFC girls goon too!

Back Alley Butt Love What did you study?

1999TFC this was high school and a friend gave me a few addies

1999TFC I remember being horny more than anything else

OsiriS hahaha

OsiriS I did a few constructive things on adderall though

OsiriS I organized my library by subject, about 350ish books

1999TFC I did my senior project on adderall

OsiriS took like 6 hours, tedious asf

OsiriS I finished two Neal Stephenson novels, about 1000 pages in 2 days each

1999TFC The day I did my senior project it was like God was with me

👤 @1999TFC i;d be studying a paper while finger blasting

Back Alley Butt Love I read that and it reminded me of fingerbang from South Park.

OsiriS That was insane, I actually got a spot in vision for about a week from staring at the pages soo much

1999TFC I took 20 Xanax to school, in the bathroom a chick had 10 adderall, we exchanged

1999TFC i dont even remember that girl

1999TFC and i smoked every day in the bathroom

Back Alley Butt Love I used to take adderall to stay up all night and study from spending too much time playing video games.

1999TFC I played WoW

1999TFC and watched Jenna Jameson's "Built for speed" over and over

1999TFC there was no porn hub had to use torrents or imesh

Back Alley Butt Love I'd be like studying, then be all, "oh man, I have this insatiable urge to look at porn!" Next thing I know it's 6 am, I only did half of the work, crashing on adderall thinking, "what am I doing with my life!?"

👤 @Back Alley Butt Love I'd be like studying, then be all, "oh man, I have this insatiable urge to look at porn!" ...

1999TFC the crash sucks

1999TFC worse than a coke crash

Back Alley Butt Love I'm guessing with coke it's worse... ah.

OsiriS hahah

1999TFC Adderall is literally what Hitler gave to the SS

OsiriS I didn't take adderall until I was like 25

Back Alley Butt Love I had a friend who OD'd, didn't die but still fucked up. So I dind't wnat to get into.

1999TFC I mean I played WOW

1999TFC and I knew exactly where AOE was

1999TFC I was insane

OsiriS Close, I do have to correct, it was actually straight up Methamphetamine, not dextroamphetamines

Back Alley Butt Love AOE?

1999TFC Area of Effect

Osiris

Pervitin, an early form of methamphetamine, was widely used in Nazi Germany and was available without a prescription.^[1]

Aimo Koivunen

Aimo Allan Koivunen (Finnish pronunciation: [ɑ̌imo alːɑn koi̯ʏnɛn]; 17 October 1917 – 12 August 1989) was a Finnish soldier in the Continuation War and the first documented case of a soldier overdosing on methamphetamine during combat.

1999TFC I'd advise all kids to stay away from drugs because they are all laced with Fent and Tranq even weed

Back Alley Butt Love I'm busy as hell but for sure wouldn't take them.

OsiriS Yeah, I've basically done all the drugs over my lifetime with the exception of heroin

1999TFC I did them alone though

OsiriS aww, it could have been the type

Back Alley Butt Love My favorite was a mescaline cactus. Like peyote, but instead of 7 grams of peyote you'd have to eat 70 grams of this cactus since the mescaline is in lower concentrations.

OsiriS Oh nice

1999TFC Hardest thing growing up as a stoner girl is not doing drugs while dudes are around

OsiriS

OsiriS Yeah, that sucks you have to watch out for that

Back Alley Butt Love Enjoyed shrooms, played the piano on shrooms, rainbow musical notes were shooting out of my hands. The "Steinway" in gold letters turned into musical notes.

1999TFC It just felt like a panic attack for me

1999TFC Id tell my kid

1999TFC well to do no drugs

1999TFC but Shrooms

1999TFC Its like they destroyed all drugs

OsiriS Oh yeah, I did shrooms like hundreds of times

OsiriS They could have not been a psychedelic strain

Back Alley Butt Love The cactus gave me double synesthesia. I was at an infected mushroom concert. The red light made me feel warm and I tastaed cherries, when the lights went blue I felt col and tastaed blueberries.

1999TFC I did shrooms once, and LSD 3 times, never got high, but my friends got high of LSD after 3 times

OsiriS Honestly,. they shaped a lot of how I see and am able to react to things now, but I was really introspective in my mid 20s and did some deep intellectual meditating on what I wanted to focus on in my trip

1999TFC I never believed them because this song says LSD was done by 1980

1999TFC I remember back in the 1990s and 2000s I was a member of Erowid

1999TFC so I researched Drugs before I did them

Back Alley Butt Love A fuckin' erowid.

OsiriS Hell yuh Erowid is how I learned everything before I did anything

Back Alley Butt Love Same here. I think I learned about these various African dream roots you could order online from "legal herbal supplement" supplies.

Back Alley Butt Love One of them legit gave me the craziest fucking dreams.

👤 @Back Alley Butt Love Same here. I think I learned about these various African dream roots you could orde...

1999TFC I smoked weed when I was 15 and I was like "When do I see shit?" and some friend said "You don't"

OsiriS The dying leaves of this tree never display any loss of even a minutiae of grace even though their partner is unseen. Throughout a year this chaotically beautiful dance between forces of nature is always on display, almost as if nature is trying to woo mankind back from its follies. The radiant sun provides a spotlight for each individual leaf to display its unique, vibrant hue, which out of thousands, no two ever the same. Something as simple as a tree we take for granted, though its apparent simplicity only a facade for the exceedingly complex processes responsible.

Nature has immutable properties that emerge similarly in man and ant alike, albeit in different forms, so the eternal dance between that which gives life and that which seeks to live is never the same, but always exists. As for our tree some days there is only enough energy for a few ensemble performances, and yet, other days even the heaviest and most firm leaves acquiesce to dance among the ever persistent flow.

This dance of life goes on seemingly without reason, the only rule being that beauty is to be appreciated and never ignored, no matter how minuscule. The dance has been set to continue into time immemorial, with never even a mere pause allotted.

OsiriS I wrote this on shroomies while looking up at a tree

OsiriS You can't react 100 you didn't even read it yet

OsiriS CHEATING!

OsiriS 😊

1999TFC LOL

OsiriS We are just as these leaves, on a tree of life being heaved to and fro by circumstance, never allowed the knowledge of when or what particular gust will separate us from the living. Therein lies the reason for the only rule of this dance, that beauty must be appreciated. While father time may be unforgiving, mother nature nurtures, and included a caveat for her children. This being that when one experiences moments of tremendous beauty they let themselves be completely enveloped, down to every atom that is you. For these moments are like a still, summer evening where time temporarily loses direction and everything is and always was.

This temporary reprieve is a gift from father time.

Time begat mother nature and gave him a reason for being. Time without nature is an eternity with direction. Mother nature is the cause of all the infinite beauty in the Universe, while time can only force the appreciation of her by ensuring that life ends, a necessary evil.

1999TFC it seemed deep dude

OsiriS This is your homework for today

OsiriS lol

OsiriS Gonna learn some tings

OsiriS :p

OsiriS So when one truly gives themselves to the beauty of a moment does time grant for that moment, the feeling of the infinite, a mere reflection of the way the Universe exists in its natural state.

This gift bestowed upon a creation that had learned to genuinely feel love and appreciation for mother nature in simply being. To time, mother nature is the only love it can ever know. Mother nature is his magnum opus which gave him reason and meaning from an infinite void of nothingness.

Now lovingly he exists to remind us to love, to embrace, to make art, and to even enjoy a beautiful day outside, because our part in this eternal dance will end, but when it does, may we have exhausted all that was possible.

OsiriS Ok, at least this last part tho

Rubix

I know people who lost family in 9/11, personal friends and my mom lost people she knew, she grew up just outside NYC. I don't think it was fake from the same standpoint as Brit, but I do think it was fake that the towers were laced with explosives, that it was intentional and the govt either knew and let it happen (like they did Pearl Harbor among other incidents) and/or they straight up planned it. There's way too much evidence for the generic narrative to be true. Technically the world changed before 9/11, the subsequent Patriot Act a big leap forward toward dystopia. Everything up until the insanity we're at today from 1913 on has been right on plan to destroy America. We're on track to fail, and it's not happenstance

1999TFC I'm glad we can debate this issue like the adults we are

The problem with identifying with politicians and the fiction of “representative government” is that they become an extension of the self—which makes it a lot harder to fundamentally question them. Doing so becomes an existential crisis and potential shattering of this manipulated reality and sense of self. This is a lot harder (in the short-term) than buying into the delusion that daddy government and those who control it really care about you.

1999TFC so are mine

1999TFC Fuck his Kids

redux I got nothing against Jewish people, not a fan of the zionists though

1999TFC Trump will get capped or pushed out

1999TFC by a real leader

redux Plenty of Jews are not zionists

1999TFC jews are jews and they killed Jesus Christ

redux Can't loop them all in

1999TFC Yes I can

redux I would argue that religion itself is the biggest poison.

1999TFC The jews aren't religious

1999TFC they killed Christ no one is coming

1999TFC they follow the talmud

redux Judiasm is literally a religion, just like Christianity, Islam

redux They are all related

1999TFC DONALD TRUMP IS A JEW SUCK DICK PRESIDENT, IMPEACH THIS JEW COCKSUCKER NOW

1999TFC I am a Catholic

1999TFC Jesus Christ is King or Fuck off

1999TFC U want ur kids fighting for Israel?

1999TFC Trump does

redux I can't just single out an entire group of people and hate them.

1999TFC Why even Jesus did

1999TFC Jesus called the Jews the Synagogue of Satan

redux Jesus (if existed as we assume) was a Jew

1999TFC Jews control everything and almost everybody

1999TFC yeah right Jesus Christ was the first Catholic

1999TFC he hated the Jews

redux He was a Jew

1999TFC NO

1999TFC HE WAS A CATHOLIC

1999TFC DID JESUS CHARGE DUDES WITH HIGH INTEREST - NO

1999TFC DID JESUS CREATE PORN - NO

redux I gotta say I can't go there.

1999TFC who me and Nick and Gona fight

redux That's a dangerous path. David Duke was giant POS

1999TFC I know Duke well

1999TFC why was he a POS

1999TFC The official reason he was a POS, was WNs told me he tried to fuck their wife

1999TFC wives

redux Well this about sums it up, the first line of the guys Wikipedia.

redux David Ernest Duke (born July 1, 1950) is an American politician, neo-Nazi, conspiracy theorist, and former grand wizard of the Knights of the Ku Klux Klan.

1999TFC Wikipedia is Jewish

1999TFC I am sick of it

redux I don't respect neonazis

1999TFC I am totally sick of it

1999TFC The Jews control America

1999TFC they did 9/11

1999TFC Covid

1999TFC whacked JFK

redux I'm saying this with the greatest of care, I think you've consumed a lot of propaganda

redux You might want to check your reality bubble

redux Because the actions of some, it's tough to not want to frame things in black and white because it's easy to do, but Jewish people themselves are not the problem. Plenty of the Jewish population are not cool with genocide

redux Full stop.

1999TFC We will see

redux I mean your words of an entire religion is bad are the same ones used by others, jihadists, etc

redux Just picking a flavor

redux You're headed down a bad path I'm just saying you might want to check yourself

1999TFC I hear you

1999TFC but we elected this Trump dude

1999TFC and he's Israeli First, America Last

1999TFC Fuck him

redux This is literally the vibes I'm getting from you

OsiriS Jesusfuck guys, I don't know anymore than you, I think everyone knows my opinions n thoughts, so yeah.....I will not fuck off, don't worry, I'll keep the lights on for you, as to that.....yeah dude, let's just keep pewpewing until maybe clarity later? Though I completely understand and respect what everyone might decide to do or not don't but I'll be here for you either way 😊 (edited)

adZ Is Osiris Jewish then I'm lost

OsiriS ylol

OsiriS ill bit

OsiriS actually

OsiriS I mean, I've been vehemently against the actions of their government since Cast Lead in 2009 but yeah, that was too much, but whatever, game on, see you there.

adZ They have been fighting for many years so complicated. I don't agree with what they did taking hostages and killing babies, Palestina have been offered a state many times and cocked it up. Recent history reflects on them poorly this Kanye bs is dangerous. (edited)

adZ Free the hostages

adZ Game on pew pew

redux Looks like a lot of her Nazi talk was deleted. Fuck Nazis.

OsiriS hahah

OsiriS Sorry

OsiriS I was just trying to get here and there

OsiriS left mostly factual things

Wh|ck3d @1999TFC @OsiriS Any chance we could get Canyon2 added to the server? <https://tfcma.s3.us-east-2.amazonaws.com/canyon2.zip>

100 1 🤔

Wh|ck3d Please and thanks !

Wh|ck3d Also when playing a 4 player map with over 10 people logged on it only took 2 people to RTV to change the map with less than 5 mins of play into the current voted map. That normal? usually needs more than 2 for that amount logged on.

Rubix You mean on Bounce tonight? Yeah I noticed that too, which sucked cause we had like 16 ppl on and the 4person 4 team gangbang was fun!

Rubix I'm not sure how many minutes it was but it definitely felt shorter than usual

👍 1 🤔

OsiriS I don't see why not broski

OsiriS And weird, I don't see why the ratios should have changed, maybe when she made that script for the 4 person maps @1999TFC

OsiriS But were here you @Wh|ck3d and got boots on the ground unlike other servers, we'll figure it out for you 😊 (edited)

↩️ @Rubix I'm not sure how many minutes it was but it definitely felt shorter than usual

Wh|ck3d Yus! Map had hardly ran, was going be best bounce match in years lol

100 1 🤔

From my perspective, the remaining active servers have been managing things well and remain open to new maps and suggestions. If anything, many have been far more on the ball with this sort of thing, and have been for years.

Although he might say the comment was made in jest, or that he didn't mean the active ones specifically, it's clear he actually meant it seriously and with intent. Why else would you say it?
